

VOLUNTEERING IN ALTERNATIVE EDUCATIONAL PROJECTS

ACTIVITY DESCRIPTION

Our school is a private school based on alternative education and organised by the parents of our students. We are the largest and oldest alternative private school in Austria. The school was founded in 1990 by a group of parents. At the moment we have about 80 students between the ages of 6 and 15. Children from 6 to 12 are called Primaria and children from 12 to 15 are called Sekundaria. In the Lernwerkstatt there are no traditional classrooms, but special areas where the students can move freely. They set their own timetable, choose where they want to be, who they want to be with, with whom they want to work and play, and for how long. Our aim is to support them in becoming responsible and creative shapers of their own lives and of our society. Our school is located in a part of the water castle in Pottenbrunn. It is located in the centre of the village, so the volunteer can walk to the nearest bus station, supermarket, doctor, coffee house,...If you are interested in this project, send your CV and DETAILED MOTIVATION LETTER to esk@jugendinfo-noe.at.
